Team name: Fete
Date: 11/28/18

Actions to stop doing:
- We are on schedule and making good progress so we do not have anything we should stop doing.

Actions to start doing:
- Prepare for the Release, and finals :)

Actions to keep doing:
- Continue working on user stories.
- Continue giving back-end experience to those who don't know back-end well
- Continue giving front-end experience to those who don't know front-end well
- Continue communicating well on slack because it helps with planning.
- Continue updating the Scrum board so that we are all on task.

Work Completed:
- **User story 1**: As a user I want to have a clean and simple designed app so that it is easy to use.
- **User story 2:** As a party host, I want guests to have the option to make online payment so that I can have a cover charge if desired.
- **User story 3:** As a user, I want to have the option to reset my password so that I can have a way to log in if I forget my password.
- **User story 4**: As a user, I want to be able to upload an image on my account so that I other users can see me and so that I can see other users.
- **User story 5**: As a user, I want to be able to leave a party that I have joined.
- **User story 6:** As a user I want to have a settings page so that I can be in control of what other users see on my account.
